

Specialized Classroom Management

Success doesn't always come easily for students (or staff) in self-contained and special education classrooms or alternative education programs. But stress (and frustration) does!

This in-depth five-day workshop gives you the tools to defuse the most disruptive and difficult classroom behaviors. You will learn how to apply a comprehensive social skills curriculum and multi-tiered motivation system to create – and sustain – an orderly, inclusive learning environment.

5-DAY TRAINING BENEFITS

Implement a systematic plan for proactively addressing disruptive behavior

Identify skills students lack and develop unique intervention strategies

Manage yourself in order to better interact with students – no matter their behavior

Develop a positive learning environment with more prosocial behavior

THE TRAINING FEATURES

Lectures, videos and demonstrations

Group activities, skill practice and feedback sessions

Take-home materials, including an information-packed participant manual

Seasoned professional trainers with real-life classroom experience

An Evidence-Based Education Model that Delivers Real-World Results

The **Specialized Classroom Management** workshop introduces you to the key components of the **Boys Town Education Model®**, a multi-tiered intervention program that provides all students with the positive behavior supports they need to succeed.

The Education Model is a proactive, whole-child solution to classroom challenges. Schools that implement the Model experience notable changes:

- » Reduced office referrals and disruptive behaviors
- » Increased academic engagement and instruction time
- » Increased on-task behaviors among students
- » Increased job satisfaction among staff members

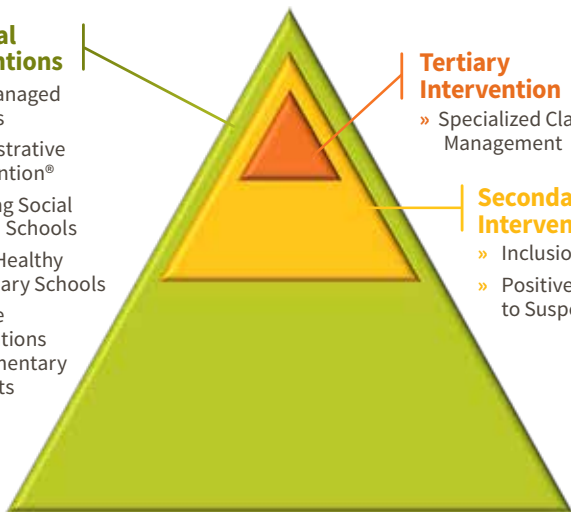

Apply the strategies you learn in the Specialized Classroom Management workshop to give students who have unique behavioral, emotional and social needs the tools they need to be successful!

A Multi-Tiered System of School-Wide Instruction and Positive Behavior Support

Universal Interventions

- » Well-Managed Schools
- » Administrative Intervention®
- » Teaching Social Skills in Schools
- » Safe & Healthy Secondary Schools
- » Positive Foundations for Elementary Students

Tertiary Intervention

- » Specialized Classroom Management

Secondary Interventions

- » Inclusion Support
- » Positive Alternatives to Suspension

WITH THE BOYS TOWN EDUCATION MODEL®, YOU CAN:

Use a motivation system that leads to responsibility, not dependency

Reduce severe discipline problems

React positively to disruptive situations

Teach problem solving and other essential social skills

Help students regain self-control, allowing them to remain in class and continue to learn
